Improving your stats

One of ResearchGate's goals is to create a place where you can easily add your research and connect with others about your work. To help you get the largest audience for your research, we've built a page where you can get personalized suggestions on how to improve the visibility of your research. Check out this video to see how it works.

Here's how you can increase your visibility in just a few clicks:

1. On your profile, click on Stats
2. Scroll down to below the graph and click View report
3. In the top right corner, click Increase your impact
4. Follow the suggestions to increase the impact of your research.

Start increasing your impact by going to your stats page.
